YEARS OF HELPING YOU HOME

Thank you for making Royal LePage a part of your life for the last 100 years!

The Real Estate Report

Spring and Selling are In the Air!

Spring is upon us and peoples' thoughts turn towards buying a home.

As the grey clouds of winter part over the Okanagan, spring is in the air. Spring can be a great time of year to sell your house. Many buyers look in the spring, hoping to complete their purchase so that they can enjoy the beautiful summer and be settled before Fall. With that in mind, here are 5 great inexpensive tips for getting your home ready to sell in the Spring:

- 1) Start at the curb and work your way in. This means sweeping away the extra gravel left from winter road crews and cleaning the debris that may be left over from fall or winter storms from the walkways.
- 2) Take care of the landscaping. Rake away the dead grass, mow the lawn and get rid of any lingering dead leaves.

3) Make those floors sing. Give your hardwood or laminate floors a good polishing and shampoo the carpets or area rugs to give the house that fresh feel.

4) Brighten up the place. Make sure all the windows are clean and the window coverings are dust free so all that natural light can come in. Cut and strategically place some fresh flowers to add some color and spring smells.

5) Spring cleaning time! Spring is the perfect time to declutter the inside of your home. Simplify your decorations and get rid of any unneeded piles that may have built up around the house over the last few months.
